

This isn't exactly an update about the paving project; that will arrive later this week. But Caltrans will soon begin a project to replace the San Jose Avenue overcrossing (<http://bit.ly/2tT0kqe>). The overcrossing connects the east side, including the Eureka Square Shopping Center, with the west side, including businesses, residences, and the Pacifica Civic Center.

TRAFFIC CHANGES:

On Friday, July 6 and Monday, July 9, Caltrans will implement one-way traffic control on Oceana Boulevard between 9 a.m. and 5 p.m. near the overcrossing. The traffic control will allow Caltrans to restripe the road, pushing the lanes eastward, which will create more room to build the new overcrossing. After the completion of the new overcrossing, Oceana Boulevard will be restriped to conform with its earlier configuration.
