

**Wavecrest Workday**

Join us on the coastal prairie for a habitat restoration workday at Wavecrest on **Earth Day 2017, Saturday, April 22 from 10 - Noon**. We'll continue our work removing invasive plants around the coastal trail, picking up trash, and abating graffiti. Meet at the Smith Field Ballparks at the end of Wavecrest Road in Half Moon Bay. Wear layers, sturdy shoes, and sun protection. If you plan to participate in graffiti abatement, wear clothes that can get muddy. Under 18 must be accompanied by an adult.
