

Children's Fund Needs Backpack Donations for Kids

Want to put a smile on a child's face? Then help the Children's Fund of San Mateo County stock their shelves with new school backpacks. With school about to start in less than one month, the Children's Fund needs your assistance to provide new backpacks to low income and foster children living in San Mateo County. They have fallen well below their goal of 700 new backpacks and are still able to process donations until Friday, July 27. Go to the Amazon wish list at <http://a.co/6STqhO4> and place your order. The Children's Fund, a program of the County's Human Services Agency, is dedicated to helping low-income and foster children maintain and improve their quality of life. In 2018, the Children's Fund will serve more than 4,500 low-income and foster children, newborn to age 18, in San Mateo County.
