

Dear Editor:

Your mean-spirited column bad-mouthing outgoing City Council member John Keener once again shows how out of touch you are with Pacifica government, and shows how out of step you are with our city and its citizens. It is particularly interesting to read your snarky thoughts and comparing them with the citizens who showed up at the City Council meeting to greet the incoming City Council and thank the outgoing members and who are quoted in the front-page article in the Pacifica Tribune. Where do you live, and if not in Pacifica, what gives you the chutzpah to comment on our city government? Just asking. As for your New Year's plan to take an Uber and eat a steak, I hope you enjoy both, and maybe your next stop is to share next Christmas at Mar-a-Lago.
