

Fans of nonalcoholic beer will be interested to know that an alcohol-free beer on tap will be available in California around October 1.

The folks at Athletic Brewery in Stratford, Connecticut, which makes nonalcoholic craft beer (exclusively) and whose nonalcoholic craft beer bottles and cans are available at Total Wines and other major retailers, tell me that they will begin distributing kegs to California in about three months.

It will be a welcome addition for nonalcoholic-beer drinkers at California drinking establishments.
