

Friends,

I have an OpEd about the Valley Water lawsuit over the Bay Delta Plan in today's Palo Alto Weekly. You can view it [here](#).

There's an opportunity to leave a comment at the bottom.

We've also launch a petition at <https://www.ipetitions.com/petition/drop-the-lawsuit>. Please sign it and encourage your friends to do so as well.

Also, I'll be giving a presentation at Atherton Earth Day tomorrow at 1pm. Details are available at <https://www.ci.atherton.ca.us/463/Earth-Day>

Many thanks!
