

Hi Folks,

I thought you might appreciate this article in today's Examiner — <https://www.sfexaminer.com/news-columnists/soaking-rains-a-boost-for-salmon/>

And two reminders:

- 1) The comment deadline for FERC dam licensing is 2pm on Friday, April 12 — <https://www.tuolumne.org/please-submit-written-comments-by-april-12/>
- 2) Support for TRT through my participation in the Great Race for Saving Water would be much appreciated — <https://www.flipcause.com/secure/fundraiser/NDgwNjU=/31580>

Thanks!

-Peter
