

Hi Folks,

This is a final reminder that written comments on the FERC DEIS for licensing of Don Pedro and La Grange Dams are due on Friday (April 12) by 2pm. I'll be out of town from Wednesday through Friday, so I won't be able to answer any questions after today. If you're willing to comment (super helpful), here are some quick links.

The DEIS (for those who are hard core) — <https://www.tuolumne.org/wp-content/uploads/2019/03/FERC-DEIS.pdf>

Events

There are a few upcoming events that might be of interest to you:

April 13 (Saturday), 9am-1pm — "Earth Day and Great Race for Saving Water" in Palo Alto. Details at https://www.cityofpaloalto.org/gov/depts/utl/pathway_to_sustainability/great_race_and_earth_day_festival/default.asp

April 15 (Monday), 6pm — Meeting of the Santa Clara Valley Water District's Environmental and Water Resources Committee in San Jose. Some of us will be there to speak during public comment about the District's lawsuit over the Bay Delta Plan. Details at <https://www.valleywater.org/sites/default/files/EWRC-Agenda-041519.pdf>

April 18 (Thursday), 12:30pm — SPUR is hosting "The Bay Delta and the Future of Our Water Supplies." Astonishingly, the two presenters are both from the SFPUC, and there is no environmental representation. Some good comments and questions might be in order. Details at <https://www.spur.org/events/2019-04-18/bay-delta-and-future-our-water-supplies>

April 24 (Wednesday), 7-8:30pm — "Planning for Rising Waters: Sea Level, Groundwater and Bay Edge" in Palo Alto. Details at <http://savepaloaltosgroundwater.org>

Thanks for your support!

-Peter

P.S. Many thanks to those of you who have supported my participation in The Great Race for Saving Water. I'm getting very close to my goal. Can you help put me over the top? — <https://www.flipcause.com/secure/fundraiser/NDgwNjU=/31580>
