

Hi Folks,

Following up on last week's SFPUC workshop on the Design Drought, "Estuary News" just posted an excellent article:

Drought Plan Means Full Lake, Empty River

<https://archive.estuarynews.org/drought-plan-means-full-lake-empty-river/>

The SFPUC needs to know a whole lot of people are paying attention to their bad policies that needlessly harm the Tuolumne River and Bay-Delta. Please take a few minutes to send an email — commission@sfwater.org

The next SFPUC meeting will be on Tuesday, September 13 at 1:30pm. We'd love to have you there (online).

If you'd like to watch a recording of the Design Drought workshop, it's posted at https://sanfrancisco.granicus.com/player/clip/41900?view_id=22&redirect=true&h=087062ed80a1dea47c9be980b598239b (click on Item 7).

Thanks!

-Peter
