

Hi Folks,

This coming Tuesday (September 20) at 7pm, I'll be giving a presentation on the Tuolumne River and Bay Delta Water Quality Control Plan to the Bay Chapter of the Sierra Club. If you would like to participate, the details are posted here —

<https://act.sierraclub.org/events/details?formcampaignid=7013q000001bjRAAY&mapLinkHref=>

We had a good turnout at last Tuesday's SFPUC meeting. The Commissioners heard from 17 of us. We need to keep up the pressure! If you might be available to speak at the next SFPUC meeting on Tuesday, September 27 at 1:30, please let me know, and I'll keep you in the loop. As usual, I can provide talking points.

Enjoy the rain this weekend!

-Peter
