

Investing in programs that improve the lives of our children is critical. Laura Parmer-Lohan is a working mom who staunchly supports our local schools and knows how important it is to have access to early childcare for those of all abilities.

At a recent candidate forum, Laura spoke of her commitment to increasing childcare resources and expanding county/local school partnerships to ensure that all students can realize their potential.

She knows our local issues, has a track record of addressing them in San Carlos, and with her business background and public health lens, will get results.

I want Laura Parmer-Lohan as my representative on the San Mateo County Board of Supervisors. Don Horsley, the outgoing Supervisor and current Board President does, too!

Respectfully,
Jenny Walter, Child Advocate and Lawyer
Half Moon Bay
