

March 7, South San Francisco Police crime report

ATTEMPTED-MURDER SUSPECT & ACCOMPLICE APPREHENDED: FIREARM, AMMUNITION, DRUGS, FAKE CHECKS, ID THEFT CHARGES

During a proactive traffic stop investigation, South San Francisco Police officers contacted two adult occupants that were from the cities of Pacifica and Oakland. One of the occupants provided false identifying information to officers, and through investigation, it was determined they had an outstanding warrant for their arrest for an attempted murder that took place in a different city. A subsequent search of the vehicle and location they were staying in recovered the pictured firearm, ammunition, suspected methamphetamine, fictitious checks, multiple identification cards belonging to others, and evidence of narcotics sales. Both occupants were ultimately arrested for numerous felony charges, and they were booked into the San Mateo County jail.
