

San Mateo County Health System Survey on Marijuana

In November of 2016 Prop 64 passed in California, making the recreational sale and use of marijuana to adults legal beginning January 1, 2018. In light of this, the San Mateo County Public Health, Policy, and Planning Division would like to hear your thoughts and beliefs about marijuana in your community. Take the survey here:

<https://www.surveymonkey.com/r/8CP2VVQ> The Health System will use information from this survey to better understand county residents' knowledge about marijuana and use this information to implement education programs. This survey is confidential—we will not collect your name or any information that will identify you. The survey should take about 5-10 minutes to complete. The deadline to complete the survey is December 31, 2017. If you have any questions about this survey, you may contact the San Mateo County Health System at (650) 573-2144 or epidemiology@smcgov.org.
